PROFESSIONAL SUMMARY

Computer Science Engineer with hands-on experience in Python, SQL, web development, and data science. Experienced in data preprocessing, exploratory data analysis, visualization, and machine learning using real-world datasets. Strong foundation in teamwork, communication, leadership, and practical software development.

EXPERIENCE

Data Science Intern | Smec Technologies, Kaloor, Kochi | Jun 2026–Present

Working with Python, Pandas, NumPy, and Scikit-learn on data preprocessing, exploratory data analysis, visualization, machine learning, model evaluation, and predictive analytics using real-world datasets.

Web Development Intern | Keltron, Thiruvananthapuram | Jul 2024

Gained practical exposure to web development architecture, software development life cycles, system operations, script configuration, technical project tracking, and enterprise development workflows.

PROJECTS

Customer Churn Prediction using Machine Learning

Built an ML model to predict telecom customer churn using Python, Pandas, NumPy, and Scikit-learn. Performed preprocessing, EDA, feature encoding, model training, evaluation, and visualization using Matplotlib.

SkillLink – Decentralised Skilled Workers Platform | Academic Capstone | Mar 2026

Designed a platform concept connecting skilled workers directly with clients, focusing on communication, accessibility, and reduced operational friction in local service networks.

AI-Powered Virtual Assistant | Desktop Software Project | Apr 2025

Developed a Python desktop assistant supporting text input, voice recognition, computer utility automation, and user queries.

Onroad Vehicle Breakdown Assistance System | Diploma Project | Jun 2022

Developed a solution concept connecting stranded vehicle users with nearby mechanics using real-time location coordinates to support faster service coordination and emergency assistance.

TECHNICAL SKILLS

Programming: Python, SQL

Data Science: Pandas, NumPy, Scikit-learn, Matplotlib, Machine Learning, Data Preprocessing, Model Evaluation

Tools: Git, GitHub, Google Colab

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

College of Engineering, Adoor, Kerala | 2022–2026

Diploma in Computer Science

NSS Polytechnic College, Pandalam, Kerala | 2019–2022

Higher Secondary Education – Science

SNV HSS & VHSE, Angadical, Kerala | 2018–2020

LEADERSHIP & VOLUNTEERING

- **NSS Executive Committee Member & NRPF (2023–2025):** Supported volunteer coordination, project operations, and organizational activities.
- **Event Volunteer – Mega Job Fair (Feb 2025):** Supported candidate onboarding and event logistics.
- **National Cadet Corps Cadet (2020–2022):** Developed teamwork, discipline, leadership, and organizational skills.
